Point of Sale
Ground Zero for Building Customer Relationships

The OrderPort POS enables your staff to turn customers into enthusiasts that enjoy and share your wine. Mobile, elegant and designed for wineries, the OrderPort POS simplifies complex processes within an intuitive interface that is fully integrated with your wine club, eCommerce and inventory.

- ☑ **Easy to Use.** Staff trained and using POS in minutes. Run Tabs. Split Tickets. Bar-code scan. Accept credit cards, cash, gift cards or card-on-file. Edit price. Manage exchanges and refunds.

- ☑ **Fast.** Add items by touch or scan bar-codes. Search by product name or UPC. Scan driver license for customer address and birthdate with hand-held scanner or iPad camera.

- ☑ **Mobile.** Runs on iPads. Take orders and accept payments everywhere. Add customers to wine clubs and mailing lists. Wireless receipt printing.

- ☑ **Integrated.** Recognize club members and auto-apply discounts. Release pickup orders with date, time and signature. Real-time UPS, FedEx & GSO shipping cost calculation.

- ☑ **Scalable.** Use multiple iPads in multiple tasting rooms. Add iPads on-demand for high traffic periods. Manage item catalogs of any size with customized menus.

- ☑ **Compliant.** Point-to-point decryption. PCI Compliant card-present and card-not-present transactions. Cloud hosted and securely store data.

- ☑ **Affordable.** Programs for wineries of any size. Small and startup, medium and enterprise wineries. Services fees starting at just $149.95 per month for full system access.
